No potential conflicts of interest to disclose.

Aaron Glick, DDS, DABDSM is on faculty at the University of Texas Health Science Center at Houston School of Dentistry and Sam Houston State University College of Osteopathic Medicine. He is a Diplomate through the American Board of Dental Sleep Medicine and holds Fellowship credentials with Academy of General Dentistry and International Congress of Oral Implantology. He enjoys all technologies and has a background in software programming for neuroscience research at Brandeis University and Harvard University using 3D modeling, AI, and fMRI technologies. Dr. Glick has been published in medical and dental journals and lectures nationally on dental sleep medicine and digital/software technologies.

No potential conflicts of interest to disclose.

Subha Giri, BDS, MS, D.ABDSM, has over twelve years of clinical experience in collaborating with sleep physicians to provide Oral Appliance Therapy for patients diagnosed with Obstructive Sleep Apnea with concurrent focus in Temporomandibular Joint Disorders and Orofacial Pain. As a current Assistant Professor of Dentistry at Mayo Clinic in Rochester, Minnesota, Dr. Giri provides Oral Appliance Therapy, in collaboration with the Center for Sleep Medicine. Dr. Giri's practice philosophy is driven by a keen interest in individualized care plans, tailored to fit each of the patient's needs ranging from the simple to the complex with particular interest in reducing risks associated with concurrent presence of Temporomandibular Joint Disorders for patients seeking Oral Appliance Therapy. Dr. Giri completed her clinical fellowship in TMJ and Orofacial Pain Management from the School of Dentistry at the University of Minnesota and a M.S. degree focusing on chronic pain mechanisms. She has been a

participant dentist with the National Dental Practice Based Research Network and has authored chapters in textbook, journal articles, and patents.

No potential conflicts of interest to disclose.

Amy Schell, MD is an Assistant Professor in the Department of Otolaryngology at the University of Colorado. Amy received her B.S. in Biomedical Engineering from the University of Virginia, where she also stayed to earn her MD. She completed her Otolaryngology residency and Sleep Medicine fellowship at the University of Pittsburgh Medical Center. Her academic interests include multidisciplinary care for the OSA patient, hypoglossal neurostimulation, and phenotyping in sleep apnea.
