

TEMPLATE SUMMARY

Title: *List the title and citation here. The citation includes the authors, title of the journal, and publication date. Be sure to include a link to the actual study or abstract.*

Summary: *Give a brief description of the purpose, methods and conclusion of the study in less than 100 words.*

Type of Study: *Explain the study design (e.g. randomized controlled trial, cohort study, case report)*

Strong Points: *List the main strengths of the study.*

Weak Points: *List the main weaknesses of the study.*

Take-aways: *Identify what the study means for clinicians and/or dentists.*

What we need to think about: *Identify ways dentists may want to change their thinking or practice, based on this research. Is there a need for more research on this topic? If so, list these needs here.*
